

ISS Annual Report

Fiscal Year 2006

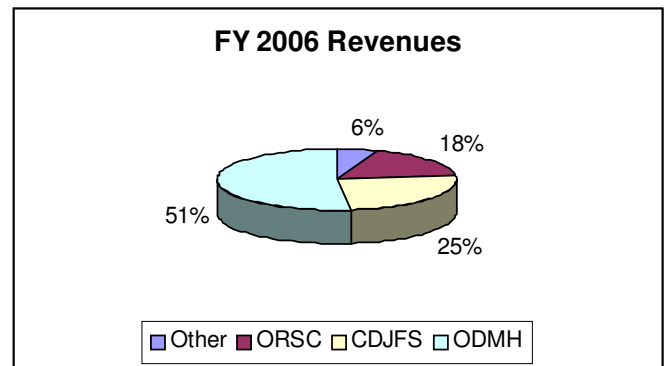

Integrated Service Systems (ISS) is a non-profit corporation that works closely with counties throughout Appalachian Ohio to maximize people's potential for independence and well-being. We count on the abilities and resilience of people served to help build strong and productive communities.

ISS combines public service values with private enterprise management strategies to improve access, quality and cost efficiency of services.

ISS' service professionals are typically based in local public service settings, and relate to the ISS "virtual office" for support. After all, our blend of home and community based services are tailored to meet the needs of your community.
